Thank you for inquiring about the physicians who serve on the medical staff of Lakeland Regional Health Medical Center. We hope this personalized resource is helpful to you in your journey to wellness.

At Lakeland Regional Health, we deliver the best outcomes and safest care by placing people at the heart of all we do. We are proud to provide you with access to care from members of our medical staff, more than 550 strong, who practice in over 50 areas of specialty. Together, we improve lives every day by promoting wellness, education and discovery.

Part of our commitment to you as our patient is providing you with electronic access to your health information. By using our secure online patient portal, you can view and manage your healthcare information and securely communicate with us. You may also safely and quickly share important and possibly lifesaving electronic medical information with healthcare facilities and providers. We encourage you to access our portal by visiting http://mylrh.org/patient-portal/.

Lakeland Regional Health Medical Center is Florida’s fifth largest hospital. Founded in 1916 as Morrell Memorial Hospital, our 849-bed, comprehensive tertiary referral hospital operates a Level II Trauma Center, a Level II Neonatal Intensive Care Unit, and the state’s busiest single site Emergency Department.

Our team has the expertise and skill you want when faced with illness or injury.

We handle over 1,300 trauma visits annually and hold accreditations for our Advanced Primary Stroke Center and Chest Pain Center. Three hybrid operating rooms and a catheterization lab offer you the least invasive surgeries possible and enhanced safety. Our state-of-the-art, 32-bed Bannasch Institute for Advanced Rehabilitation Medicine opened in August 2015 to provide evidence-based, innovative inpatient therapeutic rehabilitation services designed to dramatically improve patient outcomes.

We know that only by using the latest tools and smartest technology can we deliver safe and effective care. In 2015, we were named one of just six hospitals in the nation to earn Most Wired Advanced status from American Hospital Association’s Health Forum and the College of Healthcare Information Management Executives.

To learn more about us and our other national awards, accreditations and workplace innovations, please visit our website at http://myLRH.org.

We look forward to being your healthcare provider.

Lakeland Regional Health. Together, our Promise is YOUR HEALTH.
